

Make-Up Work Policy

Students who are absent will be given the same number of days as the number of days as the absence to make-up the work. If the student doesn't complete and turn in the work by that time, the late work policy will go into effect. If teachers are aware of the absence in advance, the teacher may provide work in advance, but is not obligated to do so. Any work not provided to the student in advance of the absence will be provided to the student upon his/her return to school.
